APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing appli-
cation, and do hereby grant the same, subject to the following lim-
itations and conditions:

This permit is issued subject to all prior rights on the source.
A standard headgate and weir must be installed at or near the point
of diversion to facilitate the measurement and control of water.
The State reserves the right to regulate the use of the water herein
granted at any and all times. It is distinctly understood that
applicant agrees to the terms herein contained.

The amount of water to be appropriated shall be limited to the
amount which can be applied to beneficial use, and not to exceed
3.2 cubic feet per second. (Three & two tenths)

Actual construction work shall begin on or before March 14, 1919.

Proof of commencement of work shall be filed before April 14, 1919.

Work must be prosecuted with reasonable diligence and be completed
on or before March 14, 1921.

Proof of completion of work shall be filed before April 14, 1921.

Application of water to beneficial use shall be made on or before
September 14, 1925. Proof of the application of water to beneficial

use must be filed with State Engineer on or before October 14, 1925.

Proof of labor filed
